- **Photographs for use on club websites** At no extra cost action and team photographs can be used on your club's official website.
- **Contact us now to discuss our services further or to arrange a time for us to attend one of your committee meetings to present our services to you.**

The Photographs are printed on Fujicolor Crystal Archive paper. We offer three sizes 8x10 inch and 8x12 inch laminated and 10x12 inch mounted.

Included on the photograph is the club name, the team name, player names (including absentees) and your club logo and any sponsors logos (conditional on the logos being supplied to Phototek in a format that is conducive to high gloss printing). Each photo is finished in a plastic gloss laminate or mounted and laminated depending on the size selected.

Examples of team photographs can be supplied.

We can come to you and we provide a full mobile indoor studio including backdrops.

We work with you to help ensure that your team photo sessions are smooth and hassle free and provide checklists to assist the process and use the latest in technology to ensure a seamless second to none quality service.
